

AUTOMATEN-MARKEN SCHWEIZ, ABARTEN

Wir konnten für Sie einen weiteren
Probedruck mit dreistelliger Zahl
beschaffen. Hier handelt es sich
nicht etwa um irgendwelche Manipu-
lation sondern um echte Versuchs-
drucke für die Post in England.
In England stehen ja die Ausgaben
der Automaten-Marken kurz vor der
Ausgabe. Die hinterste Zahlen-
stelle wird aber für 1/2 Penny-
werte benutzt.

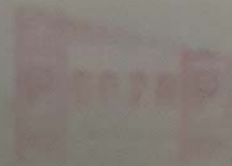

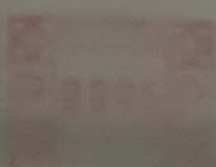

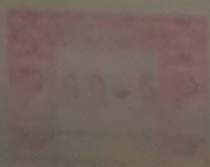

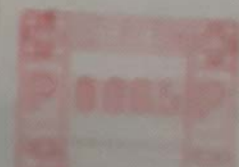

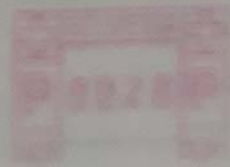

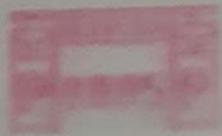

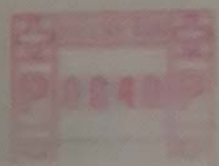

..... Versuchsdruck 3-stellig
Farbe 111a 20.--
